What This Volume Is About

Volume 8 brings the eight-volume pathway toward advanced agency. The child learns to understand perspectives, manage conflict, communicate boundaries, reflect on emotional triggers and report experiences accurately.

The goal is not perfect behaviour. It is a more self-aware, self-advocating communicator who can recognise internal needs, choose safer responses, seek support, repair relationships and participate with greater dignity and independence.

Every volume includes the same orientation tools, so parents can understand the full sequence and begin at the level that matches the child today - not the level they hope to reach later.

VOLUME 8
